DEPARTMENT OF APPLIED SCIENCE AND TECHNOLOGY
ANNA UNIVERSITY: CHENNAI-600025**

MINUTES OF MEETING

The DCC Meeting was conducted through online on 12.11.2020 at 10.30 am for the Department of Applied Science and Technology, Anna University, Chennai to discuss the following agenda.

The HOD welcomed all the DCC members and discussed the progress of the department.

For the M.Tech., programme in Industrial Safety and Hazards Management, the third semester is having a course on IH5311-Internship/Training in R2019. It is an EEC (Employability Enhancement Courses) course with two credits.

For this course, the students have to undergo Internship/industrial training for a period of four weeks during the summer vacation (i.e. May 2020 to June 2020). Because of COVID-19 issue, the students could not undergo internship/training.

Hence, as a onetime approach it is decided to permit the students to undergo one Programme Elective Course (PEC), instead of IH5311-Internship/Training, and the students are interested to study the course IH5025 Hazardous Waste Management. This course covers the Hazardous Waste Management in Industry. It will also be helpful to the students during placements.

After elaborate discussion, the committee has accepted this course and permitted the student to register the Course IH5025 Hazardous Waste Management in their IV semester.
